ALLZORB™ AP

This sorbent features all of the same great qualities of the AP Plus sorbent line, but has a unique 3-ply construction that includes a tough bottom layer for extra strength and is perforated in two directions for multi-purpose applications. This highly functional sorbent can be used as a pad, a wipe, a roll or even as a soc by simply using the perforations to tear it into whatever size or configuration is needed.

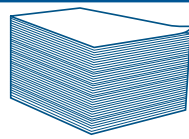

ITEM #	DESCRIPTION	SHIPPING WEIGHT (lbs.)	ABSORBENT CAPACITY (gal.)
MEDIUMWEIGHT PADS/ROLL			
A723040	15"×150' 300 pads per roll (1 per case)	18	22

AP PLUS

AP Plus is a premium sorbent that is highly effective for cleanup and removal of oil and water-based liquids. The heavyweight gray dimpled material combines thickness, strength, low-linting and high absorbency, making this sorbent ideal for wiping and MRO applications. Perforation permits the use of precisely the right amount with little waste and the dirt-masking gray color fosters longer use before disposal.

ITEM #	DESCRIPTION	SHIPPING WEIGHT (lbs.)	ABSORBENT CAPACITY (gal.)
MEDIUMWEIGHT PADS/ROLL			
A723000	16"×20" center perfed (100 per case)	18	30
A723010	15"×150' perfed every 9" & up the center (1 per case)	15	25
A723020	30"×150' perfed every 15" & up the center (1 per case)	30	50
HEAVYWEIGHT PADS/ROLL			
A723001	16"×20" center perfed (100 per case)	20	25
A723002	15"×150' perfed every 20" & up center (2 per case)	34	44
A723003	30"×150' perfed every 20" & up center (1 per case)	34	44

CHEM PLUS™

Chem Plus is a specially developed chemical sorbent that makes it ideal for haz mat spills. Chem Plus absorbs 16 times its weight in chemicals, water or oil. This chemically inert sorbent can be used on a wide range of chemicals, including hydrofluoric acid and features a fast wicking action that minimizes the problems of hazmat spills. Dimpled for tinsel strength and perforated to make for easy sizing. Green to indicate that it is intended for use on hazardous materials.

ALKALINE	
A701563	AAA (8 per pack)
A701561	AA (8 per pack)
ZINC - CARBON	
A701553	C (6 per pack)
A701551	D (6 per pack)

VARIABLE LENGTH CUSTOMIZATION

DIAMOND TOP INTERLOCK™

This anti-fatigue mat is available with an interlock system to allow for variable length of mats by interlocking ends and centers together. It features a grease resistant rubber compound construction, beveled edges, a non-directional diamond top pattern for a secure stance, and molded air pockets to provide cushioning. Each mat is 28" wide x 3" long x 1/2" tall.

ITEM #	DESCRIPTION
A720830	36"x300'

U/M: Roll.

CLEAN ROOM RECOMMENDED

TACKY MAT

This tacky mat is designed to reduce the level of traffic-borne contaminants in the workplace. It is coated with a special adhesive that traps contaminating dirt, dust and bacteria by just walking along the mat. Each 26" x 45" mat consists of 30 tear-off adhesive-coated polyethylene sheets. Numbered corner tabs prevent accidental removal of more than one layer at a time. Ideal for entrances of clean rooms, labs and high traffic areas.

ITEM #	DESCRIPTION
A713000	tacky mat

U/M: Case, 4 mats per case.
